O R D E R

On November 4, 1993, the Commission received an application from Kentucky Utilities Company ("KU") requesting approval of a pilot program to encourage the use of highly efficient heating/cooling systems through incentives involving low cost financing. In its filing, KU requested a deviation from the requirements of 807 KAR 5:001, Section 6, Section 11(1)(a), and Section 11(2)(b).

807 KAR 5:001, Section 6, requires that a financial exhibit covering operations for a 12-month period ending not more than 90 days prior to the date the application is filed to be attached to the application. Section 11(1)(a) requires that a general description of the applicant's property and the field of its operations be attached to the application. Section 11(2)(b) requires copies of trust deeds or mortgages. Having reviewed the filing and being otherwise sufficiently advised, the Commission finds that the information filed therein is sufficient to enable the Commission to review adequately KU's filing. Therefore, its request for a deviation from the above-cited regulations is granted.

IT IS THEREFORE ORDERED that KU's request for a deviation from the requirements of 807 KAR 5:001, Section 6, Section 11(1)(a), and Section 11(2)(b), is hereby granted.

Done at Frankfort, Kentucky, this 23rd day of November, 1993.
